STS-6 Recessed Flip-up Desk Outlet

■ KEY FEATURES:

Sleek, contemporary appearance:

The combination of the sleek aluminum profile and rounded corners gives the design a clean and neat appearance, and the shape makes it the perfect workstation outlet for all your home or office needs.

Cable pass-through with brush seal:

Equipped with brush seal which allows cables to pass through the unit whilst in the closed position and prevents dust infiltration.

Flip-up cover design with self-damping and slow descent:

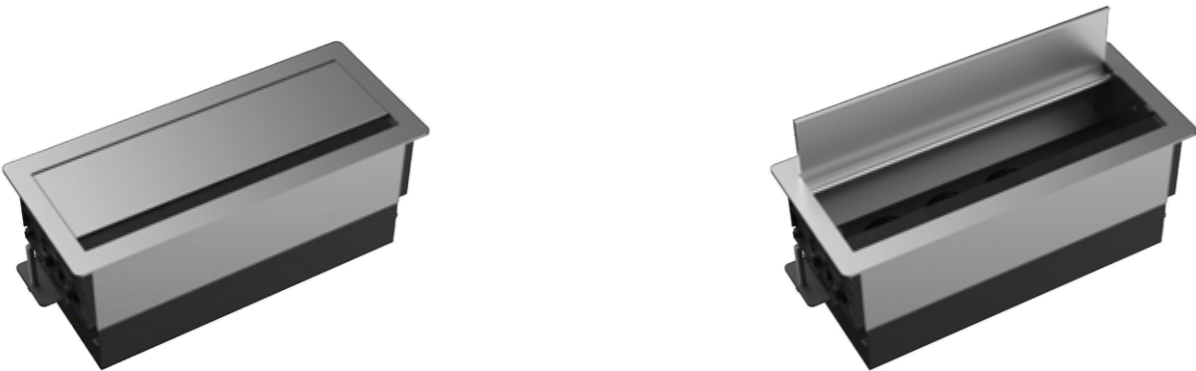

The flip-up cover can be opened up to 90°, and when closing, it is damped and descends slowly. The cover panel easily flip opens providing better access to multiple outlets, creating a more functional and organized desk.

Two mounting methods are available:

The product can be mounted using either a mounting bracket for any material desk with a thickness between 10 ~ 60mm, or by self-tapping screws for wooden desks, making it suitable for a variety of installation scenarios.
